

## Southern Pacific Inflatables Puffin RIB 2.4 - 2.6m

Ref: Puffin RIB

**\$3,389.00**

Finance from \$16.22 pw

### Options

Model: 240RIB, 260RIB

Puffin Rib: Puffin Rib

## Description

The Puffin has proven to be the best in lightweight reinforced inflatable boats around New Zealand and beyond.

The user-friendly 240RIB and the 260RIB weigh just 24kg and 27kg respectively. Expect easy planing with the pressed hull strakes from just a small amount of power.

The central transom support, which provides extra safety and strength, allows the tender to be motored with only one air chamber inflated. Puffin's hull keel has brilliant tracking ability for towing and rowing while the nylon capping offers protection to the underside of the tender. Standard on the 260RIB is rubstrake and both Puffins come as standard with a lightweight, powder coated aluminium hull.

### Features

- deck grip
- feathering oars
- removable floating seat
- foot pump
- service kit
- transom protection plate
- internal auto bailing drain
- davit lifting points
- instruction bulletin
