Finance from \$58.39 pw

Options

Colour/Shaft length: 72" White, 87" White, 100" White, 72" Black, 87" Black, 100" Black

Description

Big water, bigger boats – that's where Instinct comes in. A motor designed not just to handle the elements but to thrive in them. With available shaft lengths up to 100" and the most dependable automatic stow and deploy ever built, Instinct comes ready to go where other trolling motors won't. The new QUEST series of dual 24/36 volt brushless trolling motors was designed for anglers who demand the best from their equipment – even in the harshest environments. With a reinforced motor and mount, more advanced GPS functionality than ever and even an eco mode to extend battery life, Instinct is ready to tackle the elements where the waves are high – and so are the stakes.

QUEST Series: These 24/36V dual-voltage brushless motors have been completely re-imagined from the ground up with updates to mounts, propellers, lift assist systems, drive motors and software – taking the world's greatest trolling motors and redesigning them to outperform everything else on the water for years to come.

Features:

- Auto Stow & Deploy
- Power Trim
- Advanced GPS Trolling System
- Part of the One-Boat Network
- Spot-Lock with Jog
- Drift Mode
- Real-time Battery Monitoring
- Digital Maximizer™
- Indestructible Composite Shaft — Guaranteed for Life
- Mobile App Compatibility
- 3 year warranty
