Description

Stabicraft 2350 Supercab

Stabicraft challenged themselves to create a great offshore-performing hull, spacious deck and cabin, and a modern, modular feature set to exceed even the broadest range of customer expectations. A larger 400L fuel capacity, higher 350hp rating, wider beam, bigger internal volume, innovative seating features, and competitive price point make the new Stabicraft 2350 Supercab an enticing prospect for boat owners.
