Ref: 601616

**\$4,459.00** ~~\$5,049.99~~

Finance from \$21.34 pw

### Description

Image not found or type unknown

Composite shaft

#### **INDESTRUCTIBLE COMPOSITE SHAFT**

##### **Guaranteed for Life.**

If we could offer a longer guarantee than "lifetime," we would. Our ultra-high-yield composite shafts are pound for pound stronger than stainless steel and impervious to saltwater corrosion. They're virtually indestructible, and won't kink, break, rust or corrode. We guarantee it.

take control with link

#### **TAKE CONTROL WITH I-PILOT LINK**

Link lets you control Riptide Ulterra from your Humminbird or its new touch-screen remote. It includes our new, most accurate Spot-Lock ever, every i-Pilot feature, and the ability to follow depth contours, save and retrace your Humminbird Current Track, and return to productive waypoints. Link on Riptide Ulterra also gives you control of Auto Stow/Deploy and Power Trim.

humminbird virtual remote

#### **HUMMINBIRD VIRTUAL REMOTE**

Control speed, steering, Spot-Lock, and Advanced AutoPilot, directly from a new virtual remote on the Humminbird screen.

foot pedal

#### **REDESIGNED FOOT PEDAL WITH NEW SPOT-LOCK BUTTON**

Low-profile and loaded with control features, including a new Spot-Lock button for fast, hands-free access to hold on a spot. Includes 18' cord.

lift assist

#### **LIFT-ASSIST**

A new Lift-Assist mechanism on the redesigned Riptide Terrova carries the weight of the motor for you to make stowing easier – so you can save your strength to reel in the big ones.

stow deploy lever

#### **REDESIGNED STOW/DEPLOY LEVER**

Riptide Terrova's Stow/Deploy lever has been redesigned to allow for one-step stow or deploy – making it even easier to use. Just push down with your hand or foot when you're ready to move.
