\"auto-deploy\"

Image not found or type unknown

AUTO STOW/DEPLOY

Nothing makes fisihng easier than Riptide Ulterra. Auto Stow/Deploy lets you get your motor in and out of the water using the included i-Pilot Remote.

\"power-trim\"

Image not found or type unknown

POWER TRIM

Once your motor’s in the water, Power Trim lets you easily adjust the motor depth for changing conditions, using your remote.

80LB OF GRUNT

Stronger than ever, with 80 pounds of thrust Take to the water with improved control on the powerful trolling motor so you can tackle heavy chop, wind, waves and more without so much as flinching.

\"composite-shaft\"

INDESTRUCTIBLE COMPOSITE SHAFT

Guaranteed for Life.
If we could offer a longer guarantee than “lifetime,” we would. Our ultra-high-yield composite shafts are pound for pound stronger than stainless steel and impervious to saltwater corrosion. They’re virtually indestructible, and won’t kink, break, rust or corrode. We guarantee it.

\"take-control-with-link\"

TAKE CONTROL WITH I-PILOT LINK

Link lets you control Riptide Ulterra from your Humminbird or its new touch-screen remote. It includes our new, most accurate Spot-Lock ever, every i-Pilot feature, and the ability to follow depth contours, save and retrace your Humminbird Current Track, and return to productive waypoints. Link on Riptide Ulterra also gives you control of Auto Stow/Deploy and Power Trim.

\"72-shaft\"

MASSIVE 72? SHAFT

\"spot-lock\"

Image not found or type unknown

SPOT-LOCK

Reinvented Spot-Lock
Enhanced with new hardware and software algorithms, Spot-Lock works holds you tighter to your fishing spot than ever before, making it the most accurate electronic GPS anchor ever.
Spot-Lock Jog
Move your Spot-Lock five feet forward, backward, left or right – just by pushing a button. Feature available with Heading Sensor fitted.
Circle Mode
Cast to a spot while orbiting in a circle around it with Circle Mode. Just choose the spot and how far from it you want to be, and your boat will circle the spot while you drop the hammer.

\"humminbird-virtual-remote\"

Image not found or type unknown

HUMMINBIRD VIRTUAL REMOTE

Control speed, steering, Spot-Lock, and Advanced AutoPilot, directly from a new virtual remote on the Humminbird screen.

\"foot-pedal\"

Image not found or type unknown

NEW FOOT PEDAL & REMOTE BUTTONS

The optional new foot pedal is redesigned to enable Auto Stow/Deploy and Power Trim. Control those features with the new “mode” button on the Ulterra foot pedal, or with i-Pilot remote. We’ve also added Spot-Lock to the pedal, making it even easier to stand your ground.

\"heading-sensor\"

Image not found or type unknown

HEADING SENSOR

Ulterra i-Pilot systems feature a new Heading Sensor, which recognises changes in the boat’s heading due to wind and current, and communicates with the i-Pilot system to minimise boat swing for a more accurate, stronger hold.
