Enquire for Pricing

Description

1450 Frontier

Stabicraft's 1450 Frontier pays homage to one of the most successful and versatile boats in Stabicraft's history – 1410. The 1450, however, is more exceptional than its predecessor. From family, diving, fishing, and adventure, you can do it all. It is the most well-appointed sub-5-meter open boat in its class. An absolute beast of a boat with lots of storage, the sides are high enough to lean against and wide enough to sit on. Built tough and very stable.
